“Learning Centers, Transitions, and Classroom Management in the Chinese Language Classroom”

An interactive presentation by Amanda Seewald, M.Ed.

The presenter discusses these six essential questions about learning centers:

- What are Learning Centers?
- Who should use Learning Centers?
- Why should you use Learning Centers?
- Where Learning Centers should be placed?
- When should you use Learning Centers?
- How can you use Learning Centers?

The presenter also provides information about classroom management and strategies that will enhance the success of learning centers. She focuses on:

- What determines how to manage a classroom?
- Challenges in Classroom Management
- Strategies for creating a successful and manageable classroom
- Routines
- Define yourself as a teacher!
- The Happy Classroom Triangle
