

PAYING YOUR TUITION

Students enrolled in the IET graduate studies program will pay tuition on a semester-by-semester basis (six payments). Payment is due before each semester begins. These rates are set for your class, and will remain the same and not increase over the two-year period. **Chart is based on last year's rates.**

If you miss the payment deadline, a late payment fee of 10% up to \$125 will be added.
