COURSE DESCRIPTION

A Prerequisite
Prior completion of EDSE 623 or consent of instructor.

B Description
Further expands capability to deal with more complex behavioral situations, and enables students to relate to more sophisticated professional issues and environments.

NATURE OF COURSE DELIVERY
Lecture, discussion, written assignments, in-class exercises, and review and discussion of instructional videos.

STUDENT OUTCOMES AND PROFESSIONAL STANDARDS
This course is designed to enable students to perform as described by the following objectives, taken from the Behavior Analyst Certification Board’s Task List and Guidelines for Responsible Conduct:

<table>
<thead>
<tr>
<th>Course Objective Number</th>
<th>Objective</th>
<th>BACB TL or GRC</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Use the most effective assessment and behavior change procedures within ethical standards taking into consideration the guideline of minimal intrusiveness of the procedure to the client.</td>
<td>TL 1-8</td>
</tr>
<tr>
<td>2</td>
<td>Ensure that the dignity, health, and safety of one’s client are fully protected at all times.</td>
<td>TL 1-11</td>
</tr>
<tr>
<td>3</td>
<td>Give preference to assessment and intervention methods that have been scientifically validated, and use scientific methods to evaluate those that have not yet been scientifically validated.</td>
<td>TL 1-12</td>
</tr>
<tr>
<td>4</td>
<td>Explain and behave in accordance with the philosophical assumptions of behavior analysis, such as the lawfulness of behavior, empiricism, experimental analysis, and parsimony.</td>
<td>TL 2-1</td>
</tr>
<tr>
<td>5</td>
<td>Distinguish between mentalistic and environmental explanations of behavior.</td>
<td>TL 2-3</td>
</tr>
<tr>
<td>6</td>
<td>Describe and explain behavior, including private events, in behavior analytic (non-mentalistic) terms.</td>
<td>TL 2-5</td>
</tr>
<tr>
<td>7</td>
<td>Interpret articles from the behavior analytic literature.</td>
<td>TL 2-7</td>
</tr>
<tr>
<td>8</td>
<td>Define and provide examples of echosics and imitation.</td>
<td>TL 3-15</td>
</tr>
<tr>
<td>9</td>
<td>Define and provide examples of mands.</td>
<td>TL 3-16</td>
</tr>
<tr>
<td>10</td>
<td>Define and provide examples of tacts.</td>
<td>TL 3-17</td>
</tr>
<tr>
<td>11</td>
<td>Define and provide examples of intraverbals.</td>
<td>TL 3-18</td>
</tr>
<tr>
<td>12</td>
<td>State the primary characteristics of and rationale for conducting a descriptive assessment.</td>
<td>TL 4-1</td>
</tr>
<tr>
<td>13</td>
<td>Gather descriptive data.</td>
<td>TL 4-2</td>
</tr>
<tr>
<td>14</td>
<td>Organize and interpret descriptive data.</td>
<td>TL 4-3</td>
</tr>
<tr>
<td>15</td>
<td>Identify measurable dimensions of behavior (e.g., rate, duration, latency, or interresponse times).</td>
<td>TL 6-1</td>
</tr>
<tr>
<td>16</td>
<td>Define behavior in observable and measurable terms.</td>
<td>TL 6-2</td>
</tr>
<tr>
<td>17</td>
<td>Select the appropriate measurement procedure given the dimensions of the behavior and logistics of observing and recording.</td>
<td>TL 6-4</td>
</tr>
<tr>
<td>18</td>
<td>Interpret and base decision making on data displayed in various formats.</td>
<td>TL 7-6</td>
</tr>
<tr>
<td>19</td>
<td>Make recommendations to the client regarding target outcomes based on such factors as: client preferences, task analysis, current repertoires, supporting environments, constraints, social validity, assessment results, and best available scientific evidence.</td>
<td>TL 8-2</td>
</tr>
<tr>
<td>20</td>
<td>State target intervention outcomes in observable and measurable terms.</td>
<td>TL 8-3</td>
</tr>
</tbody>
</table>
21 Make recommendations to the client regarding intervention strategies based on such factors as: client preferences, task analysis, current repertoires, supporting environments, constraints, social validity, assessment results, and best available scientific evidence.

22 Make recommendations to the client regarding behaviors that must be established, strengthened, and/or weakened to attain the stated intervention outcome.

23 When a behavior is to be weakened, select an appropriate alternative behavior to be established or strengthened.

24 Determine and make environmental changes that reduce the need for behavior analysis services.

25 Identify the contingencies governing the behavior of those responsible for carrying out behavior change procedures and design interventions accordingly.

26 Use antecedent-based interventions, such as contextual or ecological variables, establishing operations, and discriminative stimuli.

27 Use positive and negative reinforcement.

28 Use extinction.

29 Use differential reinforcement.

30 Use discrimination training procedures.

31 Use prompts and prompt fading.

32 Use instructions and rules.

33 Use modeling and imitation.

34 Use shaping.

35 Use chaining.

36 Use incidental teaching techniques.

37 Use precision teaching.

38 Use discrete trials.

39 Use stimulus equivalence procedures.

40 Use language acquisition programs that employ Skinner’s analysis of verbal behavior.

41 Use language acquisition / communication training procedures.

42 Reliance on scientific knowledge.

43 Treatment efficacy.

44 Describing conditions for program success.

45 Explaining assessment results.

46 Affirming principles.

47 Disseminating behavior analysis.

48 Public statements.

49 Avoiding false and deceptive statements.

---

**CEC REQUIREMENTS**

Additionally, this course is designed to enable students to perform in accordance with the Council for Exceptional Children’s Standard 6 (Language: Support and facilitate family and child interactions as primary contexts for learning and development.) The signature assignments that demonstrate students’ achievement with regard to this standard are the Research Article Reviews completed as part of this course, and the scoring rubric used to determine whether the objective has been met is as follows:

<table>
<thead>
<tr>
<th>Does not meet expectations</th>
<th>Meets expectations</th>
<th>Exceeds expectations</th>
</tr>
</thead>
<tbody>
<tr>
<td>Submits fewer than three research article reviews with all sections completed, but more than three errors on at least one of the worksheets</td>
<td>Submits three research article reviews with all sections completed, with three or fewer errors per worksheet</td>
<td>Submits three research article reviews with no errors</td>
</tr>
</tbody>
</table>

---

**ATTENDANCE**

You are expected to arrive on time for all class sessions, attend all class sessions, remain in class for the duration of each session, and to participate actively throughout each session. Should you need to be absent, please contact a classmate regarding notes and other activities that took place in your absence. If an absence occurs, you will be asked to lead a discussion on ethical practices as it relates to professionalism and present an activity that summarizes the main points of the lecture that you missed.

**CONTACTING YOUR INSTRUCTOR**

You can contact Kristy Lee Park by phone at 703.993.5251, or by e-mail at kparkc@gmu.edu

---

**COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT**

*Student Expectations*
• Students must adhere to the guidelines of the George Mason University Honor Code [See http://academicintegrity.gmu.edu/honorcode/].
• Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See http://ods.gmu.edu/]
• Students must follow the university policy for Responsible Use of Computing [See http://universitypolicy.gmu.edu/1301gen.html].
• Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
• Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.
• Students are expected to exhibit professional behaviors and dispositions at all times.

Campus Resources
• The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students’ personal experience and academic performance [See http://caps.gmu.edu/].
• The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing [See http://writingcenter.gmu.edu/].
• For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See http://gse.gmu.edu/].

Core Values Commitment
• The College of Education & Human Development is committed to collaboration, ethical leadership, innovation research-based practice, and social justice. Students are expected to adhere to these principles. http://cehd.gmu.edu/values/

REQUIRED TEXTS

ADDITIONAL READINGS  (All of the following articles can be downloaded from the *Analysis of Verbal Behavior* website at http://www.ncbi.nlm.nih.gov/pmc/journals/609/

**Course Assignments**

*Class Activities and Article Presentations*  In class activities will be provided throughout the course to review key points and practice application of concepts. You must be present to participate in these activities at the time the activity is conducted. These activities may include article presentations, case study presentations, and discussions. **10 points** are possible for class activities.

*SAFMEDS*. SAFMEDS is an acronym that stands for Say All Fast for a Minute Each Day, Shuffled, and SAFMEDS and is an essential feature in precision teaching. The purpose of this exercise is to build fluent responding with regard to the subject matter. SAFMEDS lists will be provided on the first night of class. You will need to make your own flashcards. Practice them as many times as needed prior to the week for which they’re assigned. During the class session, you’ll have an opportunity to respond at the fluency criterion specified in the schedule. You’ll get 2 points for each successful SAFMEDS demonstration, with a total of **12 points** possible by the end of the course.

*In-class quizzes*. A quiz will be given at the beginning of each class session so identified in the table above, including 10 - 20 multiple choice and / or short answer questions based on the previous week’s content. A total of **24 points** may be earned from quizzes.

*VB instructional videos*. Access VB instructional videos are posted on [http://torrent.gmu.edu](http://torrent.gmu.edu). The password is 8059. There are 7 modules about ABA and VB on teaching essential VB skills and instructional procedures. Watch each module and complete the VB instructional video worksheet for each module. A total of **21 points** may be earned.

*Research Article Reviews*. The format for the research article reviews will be posted on blackboard – one for data-based studies, and the other for conceptual / philosophical / review papers. Choose a VB topic area and complete three of these article reviews related to your VB topic area and provide a summary. Submit this assignment as a word document to Taskstream before 4:30 on March 15, 2012. This assignment has **33 points** possible. 

*As the research article reviews are your signature assignments, these must be submitted by Taskstream, and will not be accepted if submitted in class, through e-mail, or through Blackboard. TaskStream information is available at [http://gse.gmu.edu/programs/sped/](http://gse.gmu.edu/programs/sped/). Failure to submit the Signature Assignment to TaskStream by 4:30pm on the last evening of class will result in the course instructor*
reporting the course grade as Incomplete (IN). Unless this grade is changed upon completion of the required TaskStream submission, the IN will convert to an F nine weeks into the following semester.

Late assignments. Assignments are due on the date listed on the schedule unless otherwise stated by the instructor. Late work will be deducted 10 points per week.

Point and Grade Distribution. Given this description of assignments and associated point values, the point distribution across assignments is as follows:

<table>
<thead>
<tr>
