Course Description
Survey of current knowledge on individuals with disabilities within the context of human growth and development across the life span. Includes historical factors, legislation, etiology, characteristics, needs, educational strategies, assessment, and support services for individuals with disabilities ranging from mild and moderate to severe. Includes the impact of disabilities on academic, social, and emotional performances. Field experience required.

Prerequisite(s): None

Co-requisite(s): None

Advising Contact Information
Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate students should contact the Special Education Advising Office at (703)993-3145 for assistance. All other students should refer to their faculty advisor.
Nature of Course Delivery
Learning activities include the following, via Blackboard Learning Environment:

1. Lecture
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research activities

Field Experience Requirement
A Field Experience is a part of this course. "Field Experiences" entail Mason students conducting activities that may involve students, parents, and/or teachers, etc. in a school setting. "Finding" an individual needed to complete a Field Experience Project/Case Study for a course may be a challenge. Mason's Field Placement Specialist, Lauren Clark lclarkg@gmu.edu can assist in placing Mason students at school sites. Mason is required to track when and where Mason students complete any field experiences. Consequently, EACH PERSON ENROLLED in this course must access this link http://cehd.gmu.edu/endorse/ferf at the beginning of the semester (if not before) and complete the information requested REGARDLESS if one needs assistance in 'finding' an individual for the project/case study or not.

Learner Outcomes
Upon completion of this course, students will be able to
- Describe how educators and other professionals determine the difference between “normal” and “atypical” behaviors.
- Describe the legal and historical development of the field of special education.
- Describe various theoretical models and perspectives in the field of special education.
- Describe research in etiological factors associated with all disability areas.
- Describe social, cognitive, behavioral and academic characteristics associated with all disability areas.
- Describe historical points of view and contribution of culturally diverse groups to the field of special education.
- Describe the role of families in the educational process.
- Describe past, present, and future models of assessment and intervention, including use of innovative technology.
- Discuss issues and trends in special education, including legislation and litigation, and use of innovative technology.
- Examine ethical considerations for the treatment of all children.

Course Relationship to Program Goals and Professional Organizations
This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization. The CEC Standards are listed on the following website: http://www.cec.sped.org/Content/NavigationMenu/ProfessionalDevelopment/ProfessionalStandards/. The CEC standards that will be addressed in this class include Standard 1: Foundations, Standard 2: Development and Characteristics of Learners, and Standard 3: Individual Learning Differences.

GMU POLICIES AND RESOURCES FOR STUDENTS:

a. Students must adhere to the guidelines of the George Mason University Honor Code [See http://academicintegrity.gmu.edu/honorcode/].

b. Students must follow the university policy for Responsible Use of Computing [See http://universitypolicy.gmu.edu/1301gen.html].

c. Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

d. The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students’ personal experience and academic performance [See http://caps.gmu.edu/].

e. Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See http://ods.gmu.edu/].
Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.

The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing [See http://writingcenter.gmu.edu/].

PROFESSIONAL DISPOSITIONS
Students are expected to exhibit professional behaviors and dispositions at all times.

CORE VALUES COMMITMENT
The College of Education & Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles. [See http://cehd.gmu.edu/values/]

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See http://gse.gmu.edu/].

Course Policies & Expectations

Attendance.
Students are required to attend an initial class on Friday, January 25th at 4:30PM in Robinson B202 and a final class session in the same room on Friday, May 3rd at 4:30PM in the same room. All other classes will be conducted online. There are no additional face-to-face meetings.

Late Work.
All work for the course is due no later than 4:30PM on Friday, May 3rd. No work will be accepted after that date.

TaskStream Submission
For student evaluation, program evaluation, and accreditation purposes, all students are required to submit an NCATE assignment from selected Special Education courses to TaskStream. The NCATE assignment required for this course must be submitted electronically to Mason’s NCATE management system, TaskStream: (https://www.taskstream.com).
Note: Every student registered for any EDSE course as of the Fall 2007 semester is required to submit NCATE assignments to TaskStream (regardless of whether a course is an elective or part of an undergraduate minor). TaskStream information is available at http://gse.gmu.edu/programs/sped/. Students who do not submit the required NCATE assignment to TaskStream will receive a grade of Incomplete (IN) in the course. The Incomplete (IN) will
change to a grade of (F) if the required signature assignment has not been posted to TaskStream by the incomplete work due date listed in the current semester’s Schedule of Classes.

Grading Scale
A = 95-100%
A- = 90-94%
B+ = 87-89%
B = 80-86%
C+ = 77-79%
C = 70-76%
F = 69% and below

Assignments
NCATE/TaskStream Assignments.
Child Abuse Training Module
All students must complete the online Child Abuse Recognition training module available at http://www.dss.virginia.gov/family/cps/mandated_reporters/cws5691/index.html. If you have already completed the training module, you will just need to post your certificate (or evidence of completion on your teaching license) to TaskStream.
*Note: This is a mandatory requirement and you will not pass the class without completing this assignment. The Certificate of Completion will need to be posted to your TaskStream account in order to receive your final grade in the course. See the TaskStream statement above.

Common Assignments.
Reading Checks
At the end of each lesson, there is a reading check assignment. In most lessons, these checks are 5-10 multiple choice questions. These reading checks assess your understanding and recall of the chapter in the textbook you were assigned. You may not use any materials such as books or notes to help you complete these checks but you may take each one multiple times.

Module Assignments
Module assignments are a combination of independent and group work. Modules 1 and 4 require students to write two to four page papers individually. The paper in Module 1 is a personal philosophy statement. It also requires you to choose two activities from a list of school- and community-based options. You will include a summary of the activities in your paper. At the end of the course, you will review this statement and make any
revisions you find necessary. In Module 4, students must choose a topic related to special education, research the topic, and write about it.

Assignments for Modules 2 and 3 are slightly different. At the beginning of the course, you will be randomly assigned to a disability group. Within your group, you will communicate using the Discussion Board so that each person completes his Module assignment worksheets with unique information. Once you have completed your worksheets, you will post them to your disability area Wiki. After completing the Module assignment, each person will choose a DIFFERENT disability area Wiki, read over the postings, and comment on the group information provided. Each comment should be posted to the group comment Wiki and include how the information related to at least one aspect of the Module.

**Other Assignments.**
There are no other required course assignments.

This course is set up in module form. Each module is focused on a certain topic in special education and contains a similar structure. Each module contains individual lessons and a module assignment. Each lesson includes a reading, lecture, video or media component, and a reading check. The course point breakdown is:
