**EDCD 603.B02: Counseling Theories and
Practice (3:3:0)
Summer 2015
Tuesdays & Thursdays, 7:20-10pm
Robinson Hall A349**

Instructor: Marja Humphrey, Ph.D.
Office Hours: Tuesdays and Thursdays 6-7pm, by Appointment
Office Address: N/A
Phone:
Email: mhumphr8@gmu.edu

Course Description:

- A. **Prerequisite:** Admission to the Counseling and Development program, and EDCD 602 taken previously or concurrently; or permission of the department.
- B. **University Catalog Description:** Covers major theoretical approaches to counseling from a multicultural perspective and provides supervised introduction to basic skills.
- C. **Expanded Course Description:** EDCD 603 is an entry-level course for the Counseling and Development degree program. It is intended to offer counseling majors an introduction to counseling theories and the associated application of these approaches in practice. In addition, it affords those individuals who have an interest in counseling, but who have not yet made, and may never make, a commitment to enter the counseling profession, an opportunity to sample what this profession is about. Covers major theoretical approaches to counseling, including psychodynamic, Adlerian, existential, person-centered, cognitive-behavioral, systems, solution- focused and integrated. Provides practice in basic counseling skills through supervised practice. A lab is included.
- D. **EDCD 603 is a prerequisite** to EDCD 606 or EDCD 609 that focuses on advanced counseling skills and techniques. This series of courses will provide minimum necessary foundation for the rest of the curriculum relative to theories and how they are applied in the profession of counseling.

EDCD 603 provides the foundation in the knowledge base for the M.Ed. degree in Counseling and Development for students seeking that degree whether they enter the profession in a school, or community settings. This foundation is built upon with other courses culminating in an internship in an appropriate setting.

Learner Outcomes:

This course is designed to enable students to:

1. Demonstrate understanding of the rationale, development and application of major

theoretical approaches to counseling including: psychodynamic, Adlerian, person-centered, existential, cognitive-behavioral, multicultural, systems, solution-focused and integrated.

2. Recognize appropriate counseling interventions associated with each major theory.
3. Demonstrate understanding of counseling interventions associated with each major theory.
4. Identify key terms associated with each major theorist.
5. Demonstrate theoretical understanding of gender and multicultural issues within the counseling context.
6. Demonstrate understanding of appropriate application of theories and interventions with diverse populations, contexts and issues.
7. Demonstrate an understanding of several models of helping.
8. Demonstrate facilitative counseling interventions including the use of attending skills, minimal encouragers, silence, paraphrasing, questions, empathy, summarization, probing, challenging, focusing skills, self-disclosure and information giving.
9. Demonstrate appropriate application of counseling skills with a client.
10. Demonstrate clinical application of key terms associated with each theory.
11. Apply clinical skills appropriately with culturally and gender different clients.
12. Be open to receiving and utilizing constructive feedback on application of counseling skills.
13. Write a comprehensive, APA style, research paper on a counseling theory.

Professional Standards:

EDCD 603 fulfills the requirements of the following professional organizations:

- Virginia Department of Education requirement for school counseling licensure that candidates understand the knowledge, skills and processes of individual counseling.
- Virginia Department of Health Professions requirement that Licensed Professional Counselor candidates complete graduate study in theories and techniques of counseling and psychotherapy.
- Council for the Accreditation of Counseling and Related Educational Programs (CACREP) core requirement described in Section II.K.e: Helping relationships: An understanding of counseling and consultation processes.
- American Counseling Association Code of Ethics requirement that counselors establish counselor education and training programs that integrate academic study and supervised practice.

Required Text:

Ivey, A. E., D'Andrea, M., and Ivey, M. B., (2012). *Theories of counseling and psychotherapy: A multicultural perspective (7th ed)*. Boston: Allyn & Bacon.

Other readings as assigned.

Course Assignments and Examinations:

Course Structure:

Basic theoretical approaches to individual counseling will be discussed, analyzed and applied in this course. Students are responsible for reading assigned material in the theories text (Ivey or Seligman), and other supplemental material, prior to class, and should come to class prepared to actively participate in class discussion and activities. Class activities will include lecture, skill

demonstrations, role-playing, small group work, experiential exercises, videos, and the analysis of recorded counseling sessions. Students will be assigned to a small group and will be responsible for sharing information within the group and making a presentation concerning a theory to the class.

During the lab sessions, students will have the opportunity to practice skills that are fundamental to effective counseling. Lab activities will focus primarily on practicing skills through role-plays in dyads and triads in which students will take a role. The instructor will critique role-plays and provide verbal and/or written feedback on skill development.

Course Requirements:

- **Active Participation** and high levels of performance in all class and lab activities. Students are expected to attend all classes and come to class prepared having completed all reading and written assignments. [25 points for attendance, participation, and use of technology.]
 1. **Technology Competence:** Students are expected to be able to use a computer, send and retrieve email, open attachments, gain access to access the Internet, and conduct a library search on-line. All of the course documents will be available on Blackboard, the course management system. Students will need to log onto Blackboard regularly and be able to use the Blackboard resources.
- **In-Class Skill Work:** Skill work activities include, but are not limited to: demonstration of counseling skills through demonstration, role-play, and recorded exercises, as well as the critique of another student's counseling tapes. [60 points]
- **Group Presentation:** The group presentation will provide the class with an overview of the assigned theory. Theory presentation topics are determined by the instructor and assigned to each group. The presentation should include a mixture of lecture, PowerPoint/Prezi, interactive opportunities, and a handout summarizing key concepts. Your group will also lead the class in either a discussion of a journal article related to your topic OR a case analysis with this specific theory. Specific guidelines for the presentation and the handout will be provided on Blackboard. The presentation should be no longer than 40 minutes including Q/A. [65 points]
- **Take Home Case Studies:** Two take-home case conceptualization assignments will be posted on Blackboard. Each is worth 55 and 70 points. [125 points]
- **Two Video-recorded Counseling Sessions** with a volunteer client. Guidelines and an assessment rubric concerning this assignment can be found on Blackboard. Students must provide their own video equipment. [125 points]

Recording #1: Students will conduct a recorded counseling session using another student from class. At the start of the session, the student counselor should provide the limits of confidentiality and conduct a 10 minute "intake interview". Student counselors will review the DVD, evaluate themselves (prior to class), and ask another student to listen and critique their DVD (in class). Also, please select any 5 minute portion of this session to write a verbatim transcript of this part of the session AND label evidence of at least 25

incidents of counseling skills. This session will be graded primarily on the identification of skills on the transcript.

Recording #2: Students will use the same client from Recording #1 for this assignment. This session can be a continuation of the same discussion points from Recording #1, therefore you do not need to review confidentiality. You will conduct a 20 minute counseling session, utilizing a range of counseling skills you learned in the course. The student counselor will critique Recording #2 and will write a 2 page (double spaced) assessment of their counseling skills.

Summary of recorded counseling assignments:

- **Recording #1:** 10 minute session with classmate, critiqued by self (can be done prior to class) and classmate member (complete in class). The labeled DVD, the Self-Assessment worksheet including transcription and identification of 25 incidents of counseling skills are turned into the instructor at the end of class in a large envelope. This is to be a first session. [55 points]
- **Recording #2:** 20 minute second session with the **same** classmate as the first recording, critiqued by you. This is to be a continuation of counseling (perhaps a 3rd or 4th session). The labeled DVD and the Self-Assessment worksheet and two-page essay (last essay question) are turned into the instructor at the end of class in a large envelope. [70 points]

Attendance:

Students are expected to attend all classes, to come on time and stay for the entire class. Students who *miss all or part of more than two classes* will have their final grade lowered.

Course Requirements:

Attendance, Participation & Technology	25 points
In-Class Skill Work	60 points
Group Presentation (group grade)	65 points
Take Home Case Study #1	55 points
Take Home Case Study #2 (TASKSTREAM)	70 points
Recording #1	55 points
Recording #2	70 points
Total	400 points

In accordance with the George Mason University Grading Policy, the following grades may be achieved:

Grading System:	A	380-400	points
	A-	360-379	points
	B+	345-359	points
	B	328-344	points
	B-	316-327	points
	C	315 points and below	

TaskStream Requirements:

Every student registered for any Counseling and Development Program course with a required performance-based assessment is required to submit this assessment (*in this class there is one assignment to be submitted to TaskStream*), to TaskStream (regardless of whether a course is an elective, a onetime course or part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in TaskStream. Failure to submit the assessment to TaskStream will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required TaskStream submission, the IN will convert to an F nine weeks into the following semester.
